

"I didn't think life was worth living! I didn't 'have' a life until I met Dr. Pearl. I want you to know I am healed, my condition is not just in remission, I have been completely cured."

— **Michele**, Healed of Chronic Fatigue Syndrome and Fibromyalgia

"It was magical! I stood up and was six feet tall. I saw that my right foot was straight, just like my left one. For the first time in my life I had two independent legs."

— **Gary**, Suffered with a Birth Defect

"My doctor confirmed my instincts that I no longer needed my medications. After three months I was 95% drug free with a well-functioning pituitary. One thing both my medical doctor and I understand is that I was healed by Dr. Pearl."

— **Rusty**, Pituitary gland malfunction required daily drugs and hormones to survive

"It felt as if angels were having a party all around me. I felt my heart open in an intense surge of every emotion imaginable. It was an enchantingly beautiful experience. I no longer require any of the every-other-day blood transfusions which had characterized my existence. I also haven't used a wheelchair. Not once."

— **Isabel**, Suffered with Cancer
